

ATTENTION POINT PLEASANT BOROUGH WATER CUSTOMERS

The Water Department of Point Pleasant Borough will begin its routine flushing of water mains on Monday, April 2, 2018 — weather permitting and continue for approximately six (6) weeks.

This operation will take place Monday through Friday from 8:00 a.m. until 4:00 p.m.

Residents can expect discolored water during this time. The discoloration will clear up as we move out of your area. Please refrain from washing clothes until your water runs clear.

This operation allows an opportunity to check the function of all the Borough's fire hydrants and is necessary to flush out the water mains in order to provide the best quality water year round to our residents.

We appreciate your cooperation, and apologize for any inconvenience this may cause. Thank You.
