## STEM + ACADEMY

~Classes will be held ONLINE through ZOOM~  
**VIRTUAL MINECRAFT MADNESS**

Minecraft is a widely popular 3D video game that lets users explore, construct, create and interact inside an open and changeable virtual world. Because of its educational potential, Minecraft has evolved into an excellent and engaging way to expose students to STEM-related subjects, especially computer science and technology.

Students will use their own Minecraft account (either Java or their devices: mobile (both Android and iPhones), tablets, Xbox, Nintendo Switch or on their PC with Windows 10 to connect to our server. Once per week students will connect and talk with each other using the Zoom app. This allows for children to communicate and collaborate easily as well as for us to assist them. In addition, the server will remain open during non-Zoom hours to allow kids to continue their exploration and build projects.

### SECTION 1: Java Edition

This section is **ONLY** for kids who want to play using their Minecraft Java account. The Java version is only playable on the computer.

**Time:** 10:30am -12:30pm

Basketball players do not get the opportunity to play pickup basketball like they used to. Coach Hynes' open gym workouts will bring pickup to them. Also, while helping improve each player's skills we will emphasize a positive attitude. No matter what your skill level is, we believe that one's attitude is the best skill that he/she can have.

The open gym workout sessions are designed to improve your offensive and defensive game in a 5 on 5 setting. Basketball fundamentals will be stressed and built upon. Participants will receive techniques on how to implement their individual skills in real game situations. Players will get two hours of pickup games. Our goal is that each player develop an understanding of how their individual skill sets fit into the team game.

*\*\*\*Games will be divided into two leagues- College league: Grades 2-5 and the NBA League: Grades 6-8.\*\*\**
